### "The Soundtrack

### of Our Lives"

The theme of our 84th volume of the De-O-Wain-Sta yearbook was chosen to be all about music. Music is formally defined as the art of arranging tones in an orderly sequence to produce a unified and continuous composition. This definition can also be applied to everyday life here at RFA. We try to arrange ourselves so that we will be continuously successful in life.

"Life goes faster than sou think, so don't blink."

### Principal's Message

Dear Students,

As each year comes to an end I take time to think about the triumphs and tribulations through which RFA has gone, as well as my own personal successes and struggles. I use this as an opportunity to evaluate, critique, analyze and most importantly, plan for the future. As you page through this amazing yearbook, I encourage you to take the same opportunity to think about your 2007-2008 school year.

Whether you are a graduating senior or you will be returning to RFA next year, the time spent reflecting on your efforts can only help to improve your decisions and actions in the future. We must learn from yesterday in order to succeed tomorrow. German philosopher, Arthur Schopenhauer, wrote, "History... is for time what geography is for space." I wish you all the best of luck. Thanks for another great year and have a great summer.

Mr. Benson

## Costa Rica

The Buena Vista lodge certainly lived up to its name as the view was spectacular

On the way to the Selva Verde lodge on sunday the group stopped to take pictures of the beautiful waterfall near the side of a bridge, and also stopped to do a little bit of shopping at a little gift shop across the bridge from the waterfall

Rome Free Academy students Mark Aboumrad, Paige Amidon, Katie Emery, Emma Kinna, Catherine Puma, Danielle Salisbury, Kaitlyn Smith, and Sarah Waters. The students were also joined by three of Mrs. Rizzo's relatives. They flew into the beautiful mountainous and tropical country on January 19 for a marvelous ten-day adventure of a lifetime. This is the first international field trip that Rome Free Academy students have taken since 9/11.

Costa Rica is the thirteenth happiest country in the world. You are part of it Denmark is number one.

This sign about Costa Rica being the 13th happiest country in the world was found in the coffee trail located at the Buena Vista lodge

Hiking: With multiple guides, the students and chaperons enjoyed hikes nearly every day and learned about the rainforest ecosystem, how it has been affected by human choices, and what is being done to rebuild what was previously damaged.

## Costa Rica

Pineapple tour: The prickly fruit that we as Americans know and love is originally a product of Central America and the group of 12, being accompanied by their tour guide Fito, were able to see the entire growth and production process of the pineapple. From the opening bud to the final canning everything was described in detail to an anxious group while they enjoyed whole pineapples pulled right from the field.

Enjoying their delicious virgin pina coladas after the pineapple tour are (left to right) Emma Kinna, Katie, Emery, Danielle Salisbury, and Mark Aboumrad

Chocolate Plantation: From the time of the Costa Rican exploration chocolate has been an influential crop in agriculture production. The entire group was able to view the history of chocolate production and taste the way it changed over the years. From the original plant to the final product students were intrigued to learn how this American staple

Crocodile Viewing: In spite of the fact that they are not sociable animals, the group saw 43 crocodiles at one location and came up close and personal with a large one during a boat tour. Though the animals were not threatening toward humans they were a frightful sight to behold from only 8 feet away.

Zip-line: Mrs. Rizzo, her sister Lisa, and all eight students traveled a total of 2.8 km across multiple zip-lines including one that was 650 feet in the air. Riding through clouds the magnificent view overlooked the rainforest canopy with an amazing horizontal look at the side of an active volcano.

Kaitlyn Smith and Catherine Puma are all geared up to go ziplining. All eight students participated in this invigorating experience

The staff also earned a Gold Award for editorials. For individual awards, senior Sarah Waters won 3rd place in the Photo Shoot-Out Contest.

Knight Times editors also attended the five-day Scholastic Press Institute (SPI), this summer also held at SU. Attending were Deanna Dearo, Katherine Emery, Kayla Holmes, Stephanie Tardugno, and Sarah Waters. The students gained expertise in editing, layout, news writing, videography, and photo journalism.

In addition to the newspaper, the KT staff is responsible for daily updates on the rfakt.com website and for two weekly tv newscasts coproduced with the BOCES broadcast technology students on closed-circuit channel 62.

## Business Ads & ...

#### A Special Thank You To All Thee Businessess

As the business editor for the second year in a row and with the help of my new assistant, it was our goal to make the entire business section better. In the beginning of the year, the staff was faced with a challenge; a challenge to sell more business ads so we could fund an all color yearbook. The outlook for an all color yearbook wasn't looking good until, thankfully, many of our staff members tried as hard as they could to find supporting businesses in Central New York.

I'd like to thank all of the staff members who worked numerous hours to send out letters and go to businesses around the area. Also, I would like to thank the staff members who helped me think of different ways to get more revenue to fund the yearbook. Nothing would be possible of course without our two awesome advisors, Mr. Maitland and Ms. Colwell, who have supported our staff through everything. The businesses around the area have been outstanding as well. Despite economic difficulties, to have so many businesses still supporting the yearbook is just incredible! This yearbook would not be possible without them.

The past eighteen years have been such a great experience. It's hard to believe they have passed so quickly. You've turned into such a beautiful young lady now with your own personality, thoughts, and life dreams. It seems like just yesterday that we were sending you off to your first day of school and telling you that you put your shoes on the wrong feet. Now your graduating, going off to college and starting a whole new chapter in your life. Watching you get to this point truly has been an awesome experience. We are blessed to have such a wonderful person as our daughter and wish you much happiness and success in your life. We hope that one day your children will bring you as much joy as you have brought us. Thank you for being you...

Marina Angelicola

When you were a baby we would watch you and dream of what you might become. Marina, you have managed to surpass even our wildest dreams. You live your life to the fullest and you pass your love of life on to others with that big beautiful smile. We love you and we are so proud of you and all that you have accomplished. We wouldn't change a single thing. Keep on smiling and keep on living. "You only live once- but if you do it right- once is enough."

With all our love, Mom, Dad & Nicky

Younger by far yet wiser than all, You blaze your own path, you always stand tall.

From your dolls and chewy blanket you would depart, To become a competitor against the clock you would start.

But the ticking clock brings you yet another purpose to light With each passing second, your new life will soon take flight.

To your family and friends you are faithful and true, No matter where your path leads, we will always love you.

Continue your life- a brilliant jewel in the sky, Become THAT star that others wish by.

Nicky,

There was always something very special about you. You faced so many challenges and difficult times, but you put the bad times behind you and strived to be your best. You chose the right path for happiness and success.

Believe in the dreams you've always wanted to come true. You know that life isn't always easy but given time and hard work, it can be everything you want it to be.

Always keep your wonderful sense of humor. Find the humor in life and your ability to laugh out loud at yourself without fearing criticism.

Always keep your sensitivity-it will help you to understand. Do something about injustices in the world. I believe you have a special purpose.

Always believe in yourself, you have the ability to accomplish anything.

We want you to know how proud we are of all you have accomplished, and all you have become.

We hope you had the time of your life. Love You Always, Mom, Dad, Chris and RyRy

I hope you never lose your sense of wonder
You get your fill to eat but always keep that hunger
May you never take one single breath for granted
God forbid love ever leave you empty-handed
I hope you still feel small
when you stand beside the ocean

Whenever one door closes, I hope one more opens Promise me that you'll give faith a fighting chance And when you get the choice to sit it out or dance I hope you dance, I hope you dance.

I hope you never fear those mountains in the distance

Never settle for the path of least resistance
Livin' might mean takin' chances,
but they're worth takin'
Lovin' might be a mistake, but it's worth makin'
Don't let some hell-bent heart leave you bitter
When you come close to sellin' out, reconsider

Give the heavens above more than just a passing glance
And when you get the choice to sit it out or dance
I hope you dance, I hope you dance.
